Student Housing and Residence Life

Student Housing facilities include a suite-style residence hall, a semi-suite style residence hall, and four apartment-style residence halls. Student Housing is centrally located on campus and is within walking distance of all classroom buildings, libraries, campus dining facilities, the Medical Center, and the Campus Recreation Center and other student recreation facilities.

Student Housing is limited to full-time undergraduate and graduate students who are admitted to UAB and who are in good standing. “Good Standing” means not on academic or disciplinary suspension. A full-time undergraduate student must be registered for at least 12 credit hours and a full-time graduate student must be registered for at least 9 credit hours throughout the entire academic year. The summer term is treated under a separate contract. Students will be required to satisfy these eligibility standards throughout the term of their Student Housing Contract and to inform Student Housing and Residence Life of any changes in his/her status, which may affect his/her eligibility.

Residence Life Coordinators and Resident Assistants (RA) serve as live-in professional staff and student leaders within the residence halls. The Residence Life Program consists of educational, cultural, recreational, and social events based on the needs and interests of the residents. In addition to planning these programs, trained staff members are available to answer questions, make appropriate referrals, and assist residents with personal or academic problems.

Since housing at UAB is limited, students should apply as early as possible, particularly if on campus housing is desired for the fall semester. Submitting a Housing Application does not guarantee a space for fall. Every effort will be made to inform applicants of availability. Applications should be completed on-line. For first time applicants a $25 non-refundable application fee is due along with a $250 prepayment of the room fees for the fall term. Returning residents are also required to submit a $250 prepayment at the time of application. All Student Housing rooms are assigned on a first come, first served basis.

Any questions or concerns may be directed to studenthousing@uab.edu or by telephone at (205) 996-0400. You can also visit the Student Housing & Residence Life website for additional information and resources at uab.edu/housing.

University Writing Center

Located on the first floor of Mervyn Sterne Library, the University Writing Center (http://www.uab.edu/writingcenter) (UWC) is UAB students’ go-to place for writing assistance, whether the task at hand is a Freshman Composition paper, a lab report, or a graduate school application essay. In a friendly and professional one-on-one setting, UWC tutors teach students to use writing to discover, apply, and communicate knowledge in all disciplines. Students commonly visit to get help with understanding a writing assignment; brainstorming ideas; developing outlines and claims; understanding and applying instructor feedback; and revising and editing complete drafts. While UWC tutors do not edit for students, they can help students identify their common errors and develop stronger editing processes.

In addition to one-on-one sessions in the Sterne Library location, the UWC offers online consultations for students enrolled in online courses; Ask-a-Tutor, an email service for short writing questions; and regular workshops on topics of common interest. To make an appointment, visit the UWC’s website (http://www.uab.edu/writingcenter) and log onto the online scheduling system with your Blazer ID and password. Like the UWC’s Facebook (http://www.facebook.com/UABWritingCenter) page and follow the UWC’s Twitter (http://www.twitter.com/UABWritingCntr) page to stay in touch and find out about upcoming workshops.

Destinations

Programs are available in over 45 different countries.

Dates

Programs are available for fall semester, spring semester, academic year, calendar year, and summer. Short-term programs are also available for select programs.

Languages

Programs are available in English, all of the foreign languages taught at UAB, and select languages not taught at UAB.

Eligibility

To be eligible to apply for education abroad, a student must:

1. be an enrolled UAB student;
2. be 19 years of age or older (or have parental permission);
3. have at least 30 semester hour credits completed (with 15 semester hour credits at UAB) before travel begins; and
4. be in good academic, disciplinary, and financial standing.

Programs have additional eligibility requirements, such as GPA minima, listed on the individual program webpages.

Students may petition to the Director of Education Abroad for a possible exception to the eligibility criteria.

Course Articulation

Students need to consult with UABEA before studying abroad to initiate course articulation, the process by which UAB course equivalency is determined for each course to be taken while studying abroad. Course articulation involves the student, UABEA, the host study abroad university, and UAB department chairs and advisors all working together and commonly takes approximately one month to complete.

It is highly recommended that the students contact UABEA to begin the course articulation process at least one month before the application deadline for the selected program. Students who don’t begin the articulation process early enough prior to studying abroad, may not know how, or if, their courses abroad will count toward completion of a UAB degree.

Grade Posting

All grades earned while abroad will be posted to the student’s UAB transcript and included in GPA calculations. Letter grades are used rather than pass/fail marks. In all cases, students must participate fully in all course activities and meet all stated course requirements. Auditing of any course abroad is not permitted. The process of grade posting varies depending on the program type:

UAB Student Exchanges are programs for which UABEA has established an exchange agreement with a university abroad. Students earn direct UAB course credit. Students on exchanges are usually mainstreamed into regular classes with the student body at their university abroad. Courses taken on student exchanges will begin with IN (“International” indicating that the course took place at an international UAB student exchange location) and a two-letter subject code such as ME (Mechanical Engineering), GN (German), SP (Spanish), etc. to indicate the subject that was studied. Additionally, each of the courses is numbered 100, 200, 300, 400, or 500. All courses are variable in the number of credit hours (0-15) students can receive based upon their enrollment at the host partner university. INxx courses are repeatable. INxx courses are:
Students also earn transfer credit. For UAB Faculty-Led Programs, and the entire class, professor and students travel together. Students earn a UAB class taught on campus. See the Grading Policies and Practices (http://catalog.uab.edu/previouscatalogs/2016-2017/undergraduate/progressstowardadegree/#gradestext) section of the UAB Catalog of Undergraduate Programs. UAB Faculty-Led Programs are designated with SA following the course title. Non-UAB Programs are organized by a third-party education abroad provider in cooperation with a foreign university. Students receive a transcript from the foreign university or U.S. university of record and have transfer credit appear on their UAB transcript. Supported non-UAB programs are those appearing in the program list at the UABEA website. Courses taken on Non-UAB Programs will begin with INTL (INTernational" indicating that the course took place at an international non-UAB education abroad program location) and a two-letter subject code such as ME (Mechanical Engineering), GN (German), SP (Spanish), etc. to indicate the subject that was studied. Additionally, each of the courses is numbered 100 to 699. All courses are variable in the number of credit hours (0-15) students can receive based upon their enrollment at the host university.

UAB students wishing to participate in the Washington Center internship program, a Non-UAB Program, must receive written permission from their academic department at UAB to enroll in the UAB internship course offered by their department prior to applying to the Washington Center. After permission is granted by the student’s academic department at UAB, but before the start of the internship, the student will enroll in the UAB internship course offered by the permission-granting department at UAB and will be assigned a UAB faculty member who will act as the instructor of record. The instructor will assign a final grade as is normally done for the internship course in that UAB department. The Washington Center also offers courses and seminars, which will not count toward a UAB degree. These other courses and seminars are for enrichment purposes only.

### Changes of Grades

Requests for grade changes to UABEA must be accompanied by official documentation sent directly from the host university.
