

Peace, Justice and Ecology

Interdisciplinary Minor

Director: Peter Verbeek (Anthropology)

The Peace, Justice, and Ecology minor, housed in the College of Arts and Sciences, is an interdisciplinary program for students seeking a broad learning experience in human-ecological interactions, bio-cultural diversity, and strategies to foster social justice, peace, and environmental sustainability from a holistic perspective. The Peace, Justice, and Ecology studies minor offers students the opportunity to examine themes of ecological adaptation and sustainability as well as environmental health and human rights in local, cross-cultural, and global contexts, and to apply scientific, philosophical, and ethical reasoning to real-world problems.

Students interested in Peace Studies and this particular minor can contact Dr. Verbeek, Department of Anthropology (University Hall 3165).
