Collat School of Business

Dean: Eric P. Jack, Ph.D.
Senior Associate Dean: Karen N. Kennedy, Ph.D.
Associate Dean for Research, Innovation, and Faculty Success: Molly McLure Wasko, Ph.D.

UAB's Collat School of Business is the only named school at the University of Alabama at Birmingham, a world-renowned academic research center. We offer nine undergraduate and three graduate degree programs in Face-to-Face and Online formats to serve the varying needs of students.

Located in the heart of Alabama's business center, the Collat School of Business offers an engaging learning environment with classrooms extending well beyond the walls of the UAB campus. Our unique location allows our faculty to integrate the practical experiences of the state's leading companies — from Fortune 500 corporations to entrepreneurial startups — into the programs we offer. Our students gain valuable, real-world experience through a wide variety of internships and other opportunities in the business community. The Collat School of Business is housed in a state of the art building designed to blend innovative classroom, team study and learning spaces.

The Collat School of Business is accredited at the baccalaureate and master's levels by AACSB International and holds supplemental AACSB International accreditation for our undergraduate and master's programs in accounting, an accomplishment held by less than 2% of business schools worldwide.

Our programs are designed to meet the many diverse educational needs of modern organizations. Additionally, our faculty members are involved in research and service activities that advance knowledge in business, mentor students and assist our stakeholders in accomplishing their unique goals.

At the undergraduate level, the Collat School of Business offers programs of study leading to the Bachelor of Science degree with majors in accounting, economics, entrepreneurship, finance, human resource management, industrial distribution, information systems, management and marketing. Each program combines a broad exposure to the arts and sciences with comprehensive preparation in all areas of business. In addition, recognizing the undeniable advantage of practical experience as part of a rich academic program, all degree-seeking students engage in at least one of several options for Experiential Learning credit. Those options include internship (paid or volunteer), study abroad, a business analysis project, a service learning project, a research project or completion of the Business Honors Program. Students work with their academic advisor to determine which option is most appropriate.

Mission, Vision and Values Statements

Mission Statement

At Collat, we prepare students for success as leaders and professionals, in Birmingham and beyond, using a balanced approach to teaching, research and service.

Vision Statement

Collat is known for innovative programs, impactful scholarship and transformative service.

Shared Values

- **Integrity** – We act ethically and do what is right.
- **Respect** – We treat others with courtesy and civility.
- **Diversity and inclusiveness** – Everybody counts every day. We actively seek varied perspectives in our decision-making.
- **Collaboration** – We trust each other and work cooperatively across disciplinary boundaries in the spirit of shared governance.
- **Excellence and achievement** – We constantly innovate, solve problems and improve ourselves and others through learning.
- **Stewardship** – Fiscal and environmental sustainability guide our decisions.
- **Accountability** – We are answerable to each other and act with the best interests of the university in mind.

Selection of Major

All undergraduate degree programs lead to the Bachelor of Science.

Undergraduate students entering the Collat School of Business are admitted with a self-selected major classification. Students may explore business majors while classified as undeclared business majors. Students are expected to choose a degree granting major prior to completion of 60 semester hours. Transfer students who have earned 60 credit hours prior to entering UAB and are admitted as undeclared business majors must choose a degree granting major within two terms of enrollment at UAB.

Admission Requirements

Beginning Freshmen

Beginning freshmen, admitted with conditional or unconditional status, may enroll in the Collat School of Business.

Two-Year College Transfers

Students considering transferring to UAB from a two-year college should consult with our Director of Transfer Student Success ([https://www.uab.edu/business/home/admission-scholarships/bridge-to-business-transfer-program](https://www.uab.edu/business/home/admission-scholarships/bridge-to-business-transfer-program)) to discuss transfer credits and a degree plan for UAB. The Director of Transfer Student Success will help you through a smooth transition from your previous institution to the UAB Collat School of Business. UAB's Collat School of Business requirements include those defined in the Alabama General Studies articulation program for a major in business. The public speaking requirement may be taken as part of Area II, the pre-calculus course may be taken as part of Area III and the macroeconomics and microeconomics courses may be taken as part of Area IV. Students planning to major in industrial distribution should see the footnoted exceptions to the Core Curriculum requirements in regard to elective hours.

In cases where enrollment has been interrupted by one year or more, transfer students are expected to meet catalog requirements in effect at the time that they enter UAB.
Only 60 applicable semester hours of two-year college coursework can be applied toward a UAB degree.

Transfers from Other Institutions

Admission to the Collat School of Business is open to those students who are admitted to UAB as degree-seeking or as non degree-seeking students. Students must have a minimum 2.0 cumulative grade point average. Before an upper-level business course may be attempted, a minimum grade of C in the stated prerequisite(s) for the Collat School of Business course(s) is required. Students transferring from other institutions should consult with our Director of Transfer Student Success (https://www.uab.edu/business/home/admission-scholarships/bridge-to-business-transfer-program/).

Transfers within UAB

Degree-seeking students changing their major from schools and the college within UAB will be admitted to the Collat School of Business provided they have a minimum 2.0 overall grade point average. Before an upper-level business course may be attempted, a minimum grade of C in the stated prerequisite(s) for the Collat School of Business course(s) is required. Students considering a change of major to the Collat School of Business should meet with the academic advisor for their chosen major (https://www.uab.edu/business/home/student-services/advising).

Students Readmitted to UAB

Degree-seeking, non-degree seeking students and post-baccalaureate students readmitted to UAB may be admitted to the Collat School of Business.

Former students are expected to meet catalog requirements in effect at the time they re-enter UAB, when one year or more of enrollment at UAB has lapsed or when another college has been attended since last enrolling at UAB.

Non-Degree Seeking Students

Admission of non-degree seeking students to the Collat School of Business is restricted to those students who already have a four-year degree from a regionally accredited college or university.

The following policies apply:

1. Post-baccalaureate students not seeking a UAB business degree will be classified in the major that was selected on the application or as a Collat School of Business undeclared major. They may enroll in any undergraduate business course in which the stated course prerequisite(s) has been completed with a minimum grade of C. Students having less than a C in prerequisite courses or those who completed the prerequisites many years earlier are advised to repeat the prerequisites (see specific major for any deviation).

2. Post-baccalaureate students seeking a UAB undergraduate business degree will be classified in the appropriate major. Once the decision to seek a business degree is made, post-baccalaureate students are expected to meet all catalog requirements in effect at the time of their admission or readmission to UAB.

3. Students are responsible for providing transcripts to their advisors for verification of prerequisites.

Transient Students

Transient students who wish to attempt Collat School of Business courses should be aware of the following:

1. It is the student's responsibility to verify with the advisor at the home institution that courses taken at the Collat School of Business will transfer back to the home institution.

2. Note that if enrolled in a business course that fills and there is degree-seeking student demand, the transient students are withdrawn from the filled class.

All information regarding our business programs and the Collat School of Business is available at http://www.uab.edu/business/’ You may check about class availability on BlazerNet, select the Student Services tab and scroll to class schedule.

Curriculum Outline

The Collat School of Business reserves the right to modify curricula and specific courses of instruction, to alter requirements for graduation, and to change the majors to be awarded at any time the school may determine. Such changes may be applicable to either prospective or currently enrolled students.

The curricula that follows is formatted to show how course requirements of the Collat School of Business concur with the UAB Core Curriculum requirements. Students, in collaboration with their advisor, should sequence these requirements in a manner to meet stated prerequisite requirements for specific courses in their curriculum.

UAB Core Curriculum Requirements

Refer to Core Curriculum

Business students should take the following courses as a part of the Core Curriculum:

2. Core Curriculum Area II: Humanities and Fine Art, select one of the following:
   a. ARH 101 The Art Experience
   b. MU 120 Music Appreciation
   c. THR 100 Introduction to the Theatre.

3. Core Curriculum Area III: Natural Science and Mathematics, select one of the following:
   a. MA 105 Pre-Calculus Algebra
   b. MA 125 Calculus I.

Academic Requirements

The following general requirements and policies apply to all students majoring in the Collat School of Business.

1. To attempt upper-level business courses (numbered 300 and above), students must have a grade of C or better in the stated prerequisites for each business course. Students must also meet any specific grade requirements within their major.

2. In cases where one year or more of non-enrollment at UAB has lapsed or when another school has been attended since the last enrollment at UAB, students are expected to meet catalog requirements in effect at the time they re-enter UAB.
3. Students must obtain a grade of ‘C’ or better in all lower level business classes.

GPA Graduation Requirement
The Collat School of Business GPA (grade point average) graduation requirement is in addition to the general UAB requirements. All Collat School of Business students must earn at least a 2.0 overall GPA, 2.0 institutional GPA, 2.0 Business GPA and 2.0 major GPA to be eligible for graduation. Additional requirements are required for Accounting, Finance & Information System majors.

Accounting Majors
• Earn a minimum grade of C in all courses used in the accounting major.
• Earn a minimum grade of B in AC 200.

Finance and Information Systems Majors
• Earn a minimum grade of C in all courses used in the finance and information systems majors.

Students may opt to utilize the university’s course forgiveness policy to calculate the GPA. Students should process all forgiveness requests before applying for degree to ensure a correct graduation GPA calculation.

Residency Requirement
Of the 24 to 27 semester hours of upper-level major courses required for a departmental major, at least 15 semester hours must be completed at UAB. In addition, 50 percent (30 to 33 semester hours) of business hours required must be taken at UAB. These hours exclude nine hours of economics and six hours of statistics.

The Collat School of Business Majors:
• Accounting
• Economics
• Entrepreneurship
• Finance
• Human Resource Management
• Industrial Distribution
• Information Systems
• Management
• Marketing

Minors in Business
The Collat School of Business offers minors in accounting, business administration, economics, entrepreneurship, finance, information systems, management, marketing, social media strategies for business, and sports and entertainment marketing. These minors are available to all UAB students with the exception of the minor in international business which is available only to School of Business majors.

The following requirements apply to minors:

1. Students must meet the following grade point requirements:
   • Have a 2.0 cumulative GPA (includes all schools attended)
   • Have a 2.0 UAB GPA

2. Students must have the following:
   • A minimum grade of C in all lower level business courses required for the minor, including minor courses transferred. All minors allow the use of the university’s course forgiveness policy;
   • A minimum overall average of C in UAB business courses required for the minor, (check specific minor for any deviations)
   • At least 12 semester hours of the minor courses taken in the Collat School of Business (the accounting, finance, and information systems minors have additional requirements).

3. All required 200-level business courses listed for selected minor must be completed, with a grade of C, prior to enrollment in the 300 and 400-level courses listed (check specific minor for any deviations)

4. Students may enroll and receive a grade of (A, B, C, D, or F) for any business course a maximum of 2 (two) times only.

5. Students who wish to take upper-level business courses other than those specified in the selected minor must meet all prerequisites for those courses and have permission from the Collat School of Business.

6. Collat School of Business majors may also earn a business minor, with the exception of the minor in Business Administration. The minor must include at least nine semester hours beyond the requirement of the student’s selected business major. The Collat School of Business undergraduate advisors can assist business majors in tailoring a business minor.

Minor in Accounting

Minor in International Business
Students with strong professional skills and an understanding of international business are in high demand in today’s global economy.

The international business minor is available to undergraduate majors as a complement to the student’s major course work. Students will enhance their knowledge and understanding of the global context and practices of international business and will develop skills necessary to compete in a culturally diverse, global business world.

This minor is interdisciplinary with course work from U.S. and non-U.S sources, in-classroom and outside-of-classroom experiences, and course work from across the UAB campus. The IB minor encourages students to gain perspectives and to experience other cultures by studying abroad. The IB program director ensures that students gain international business exposure and network with global industry professionals.

Must earn a grade of "C" or better in stated prerequisite courses and have an overall 2.0 GPA in all courses required for this minor.

Undergraduate Certificate in Social Media

Purpose

The objective of the social media certificate is to help our students and working professionals advance in their careers by improving understanding about how to use the latest social media technologies to benefit organizational stakeholders, such as managers, organizations, employees, customers and partners. Our emphasis is on the application of new and emerging social media technologies, to serve those currently working in IS and marketing related fields, and to prepare individuals from other fields to build the skills needed to succeed in social media careers.
Eligibility

Open to all students majoring in business. Students must have an overall GPA of 2.5 or higher to be admitted to this certificate program.

Certificate in Information Systems

Purpose

The objective of the Certificate in Information Systems (IS) is to recognize post-graduate students who successfully complete a rigorous program of six undergraduate IS courses that are required for entry into our graduate Management Information Systems (MIS) program. These students have an undergraduate degree in a different field and are interested in a career change to information systems.

Eligibility

The entry requirements for the Certificate in IS are an undergraduate degree from a regionally accredited university with a grade point average equivalent to that required to be accepted as a degree seeking student in the Collat School of Business (completed undergraduate degree with a GPA of 2.0 or higher).

The certificate will require the successful completion of 18 credit hours (6 courses), with a grade of 2.0 or better for each course.

Benefits

This certificate serves as an intermediary credential for these students as they transition into the IT industry and/or continue their studies. Earning an Information Systems Certificate differentiates students in a competitive hiring environment.

Certificate in Accounting

The Accounting Certificate provides students with a solid foundation in accounting principles and how to apply them in practice.

Who Should Complete the Accounting Certificate

Prospective students who are looking to transition into the accounting industry, gain accounting knowledge to enhance their already established career and/or enter UAB's Master of Accounting (MAC) Program.

The Accounting Certificate is designed to prepare students for success in the Master of Accounting program. The MAC program requires completion of the AC certificate with a grade of B or better in all courses for those who do not already have a bachelor’s degree in accounting from a regionally accredited university, or have a bachelor’s degree in accounting that was received more than five years before desired term of enrollment or a GPA below 3.0 and/or below a grade of B in accounting courses.

In some cases, prospective MAC students may be able to waive the Accounting Certificate requirement through appealing to the Director of Accounting Programs. Applicants might be able to waive all eight courses, take some of the courses, or have the appeal denied.

The Accounting Certificate Curriculum

The Accounting Certificate requires that students earn a C or better in the following eight courses. Some courses require a minimum grade of B for prerequisite coursework. See all minimum grade requirements listed in the prerequisites for each course:

DB 495. Distribution Directed Studies Practicum. 3 Hours. 
Issues in managing distributors, both as suppliers for and customers of manufacturers and other businesses. Students work with host distributor/manufacturer on current and future distribution problem areas. Students develop an in-depth research analysis of the host distributor/manufacturer.
EC 110. Economics and Society. 3 Hours.
Economic principles and development of economic analysis. Combines key elements of EC 210 and EC 211. Primarily intended for majors in School of Education seeking to meet certification requirements; also open to students outside School of Business who wish to survey economics in one course. Not open to entering freshmen; not open to majors in School of Business or economics majors in the College of Arts and Sciences.

EC 210. Principles of Microeconomics. 3 Hours.
This course is an introduction to microeconomic analysis. Students will learn why markets often function well without any centralized control and reasons why they sometimes do not, and why basic microeconomic models often are able to explain, predict and improve the world around us. The emphasis is on how the intuitive notions of optimization and equilibrium provide a unifying framework for understanding human behavior, as well as simple ways in which economists use real-world data to answer specific questions.

EC 211. Principles of Macroeconomics. 3 Hours.
This course is an introduction to macroeconomic analysis, which pertains to the overall economy. We study economy-wide phenomena such as the growth rate of national economic output, rates of inflation and unemployment, and learn how macroeconomists design government policies that improve aggregate economic performance.

EC 300. Economic History of the U.S.. 3 Hours.
This course spans the economic history of the U.S. from colonial times to the present. Topics covered include the U.S. Constitution, national economy, wars, ethnicity, race, gender, distribution of wealth and power, social conflict and reform, entrepreneurs, workers, workplace, popular culture, and foreign affairs.

EC 301. Money and Banking. 3 Hours.
Money supply, banking system, and other financial institutions; how money affects aggregate economic activity.
Prerequisites: EC 210 [Min Grade: C] and EC 211 [Min Grade: C] and GPAO 2.00

EC 302. Law and Economics. 3 Hours.
This is an introduction to Law and Economics, that is, the application of economic analysis to legal questions. The course offers a survey of core issues (including property, contracts, and torts), an exposition of alternative approaches to those issues, and a discussion of important implications for economics, law, political science, philosophy, public administration, and sociology. The instructor encourages students to concurrently sign up for the course Cooperation and Competition (EC 330).
Prerequisites: (GPAT and GPAO 2.00) or (EC 210 [Min Grade: C] and GPAU 2.00 and GPAO 2.00)

EC 303. Labor Economics. 3 Hours.
Economic analysis in dealing with major aspects of such problems as employment, wages, hours, unionism, labor-management relations, and social security. Influence of psychological and institutional factors.

EC 304. Intermediate Microeconomics. 3 Hours.
Advanced economic principles underlying value and production with additional training in application of these principles to problems of analysis.
Prerequisites: EC 210 [Min Grade: C] and GPAO 2.00

EC 305. Intermediate Macroeconomics. 3 Hours.
Forces determining income and employment in economic systems, with special reference to the United States and other Industrialized Countries. Causes of unemployment and inflation. Role of government in maintaining stable prices and sustained growth.
Prerequisites: GPAT and GPAO 2.00 and EC 211 [Min Grade: C] or GPAU 2.00 and GPAO 2.00 and EC 211 [Min Grade: C]

EC 306. Health Care Economics. 3 Hours.
This course seeks to apply economic analysis to issues in health care. Students will review the basic tools of economic analysis and discuss the evolving trends and institutional features in the health care industry. Students will then use an economic way of thinking to address contemporary health care issues from an economic perspective. This will include consideration of the supply and demand for health care, hospitals, insurance and managed care, health labor markets, chronic disease, prescription drugs, and government policy.
Prerequisites: EC 210 [Min Grade: C]

EC 308. Economics of Environment. 3 Hours.
Use of economic analysis to examine interaction between economic institutions and physical environment. Specific topics: social costs and benefits of economic growth, interactions between private business and public welfare, and socioeconomic systems and goals.
Prerequisites: (GPAO 2.00 and EC 210 [Min Grade: C])

EC 310. Managerial Economics. 3 Hours.
Economic theory and its application to managerial decision making process. Demand analysis, estimation, cost analysis, market analysis, pricing strategy.
Prerequisites: (EC 211 [Min Grade: C] and EC 210 [Min Grade: C] and GPAO 2.00)

EC 314. Natural Resource Economics. 3 Hours.
Natural resource economics applies the tools of economics to the problems facing the environment. This ranges from non-renewable resource extraction and pollution control, to non-market valuation and sustainable development. The focus is to encourage students, regardless of major, to apply foundational economic tools (taught and/or refreshed in the first few weeks) to an area where normative assessments are typically applied.

EC 320. Behavioral Economics. 3 Hours.
Incorporation of psychology into models of economic behavior. These models are applied to a variety of fields including industrial organization, marketing, and negotiation.
Prerequisites: (EC 210 [Min Grade: C] and GPAO 2.00)

EC 330. Game Theory. 3 Hours.
This course studies strategic interaction between economic agents. Topics include finding Nash equilibria in sequential- and simultaneous-move games, game-changing strategic moves & their credibility, manipulating information, cooperation & coordination, auctions, bargaining, voting and incentives. The emphasis is on developing strategic intuition and understanding how and why results in experimental and real-world play often differ from those predicted by the underlying theory.
Prerequisites: (EC 210 [Min Grade: C] and GPAO 2.00)

EC 401. Mathematical Approach in Economics and Business. 3 Hours.
Mathematical approach in economics and business.
Prerequisites: (EC 304 [Min Grade: C] or EC 310 [Min Grade: C] and GPAT and GPAO 2.00) or (EC 304 [Min Grade: C] or EC 310 [Min Grade: C] and GPAU 2.00 and GPAO 2.00)
EC 402. Law and Economics. 3 Hours.
Let’s say that you own a home on a nice half-acre lot. What does that ownership mean? Can you do anything you wish with your property? Can you add on 5 additional levels to your home, making it a 7-story monolith? Can you start a chicken farm on your land? If you can’t, then is it really your property? Law and economics explains property rights and the appropriate rules for competing uses of property. What if you slip on a grape in the fruit section at the local grocery store and break your hip? Is the store responsible for your medical expenses or are you? Should the justice system require that the store make sure that nobody ever slips on a stray grape? How much responsibility does the shopper have to take the proper amount of care in walking through a produce section? Law and economics helps to analyze the effects of different rules regarding accidents and liability. What is the best way to punish a murderer? Is the same punishment appropriate for someone who has engaged in securities fraud? If not, what is the best way to punish the fraudulent broker? Is punishment supposed to be a deterrent or is it meant to be retribution? Does your answer to the previous question lead you to different punishment conclusions? Law and economics helps determine what are efficient and effective punishment rules.

EC 403. Monetary Economics. 3 Hours.
Current theories of monetary policy and management, historical development of theory and practice, contemporary policies employed by monetary authorities, institutions concerned, evaluation of policies and reform, and interrelations between monetary factors and economic processes. EC 408. Topics in the History of Economic Theory. 3 Hours.
The development of economic thought from antiquity to the end of the twentieth century, with emphasis on the synthesis of evolving ideas constituting current economic theory. Prerequisites: (EC 211 [Min Grade: C] and EC 210 [Min Grade: C] and GPAT and GPAO 2.00) or (EC 210 [Min Grade: C] and EC 211 [Min Grade: C] and GPAU 2.00 and GPAO 2.00)

EC 409. Econometrics. 3 Hours.
This course is an introduction to micro-econometric empirical methods. Students will learn how to specify and estimate regression equations, various econometric models and the appropriate situations for using them, the implications of estimated parameters, and the conditions under which causal effects are identified. The focus is on application, i.e. conceptualization, interpretation and hands-on data analysis. Prerequisites: EC 210 [Min Grade: C] and QM 214 [Min Grade: C]

EC 411. Public Finance. 3 Hours.
Principles of taxation, government expenditures, borrowing, and fiscal administration. Prerequisites: (EC 304 [Min Grade: C] and GPAO 2.00)

EC 413. Urban Economics. 3 Hours.
Economic issues and structure of metropolitan areas. Economic growth and decay of urban regions. Specific topics: housing, education, employment, political economy, and public safety. Prerequisites: (EC 210 [Min Grade: C] and EC 211 [Min Grade: C] and GPAO 2.00 and EC 210 [Min Grade: C] and EC 211 [Min Grade: C] and GPAU 2.00 and GPAO 2.00)

EC 414. Industrial Organization. 3 Hours.
Structure and performance of monopolistic and oligopolistic industries, emphasizing efficiency, pricing policies, and investment decisions. Extent and nature of concentration in economy as whole. Prerequisites: (EC 304 [Min Grade: C] and GPAO 2.00)

EC 415. Sports Economics. 3 Hours.
The study of the economics of sports allows the student to see how various tools and theories can actually be applied to solving problems the student may see presented frequently in the mainstream news. By studying the economics of sports it is hoped that the student can approach economics in the context of a subject the student already finds interesting. Furthermore, in the end this class is not only designed to be interesting, but also a rigorous introduction to the application of economic theory. Prerequisites: EC 210 [Min Grade: C]

EC 420. Applied Forecasting. 3 Hours.
Practical use of various forecasting techniques on business and economic data. Topics include dynamic regression models, exponential smoothing, forecast criteria, moving averages, seasonality, and univariate Box Jenkins ARIMA modeling. Prerequisites: (EC 210 [Min Grade: C] and GPAT and GPAO 2.00) or (EC 210 [Min Grade: C] and GPAU 2.00 and GPAO 2.00)

EC 425. Applied Regression Analysis. 3 Hours.
Simple, multilinear, and polynomial regression analysis. Model selection, inferential procedures, and application with computer. Prerequisites: (QM 215 [Min Grade: C] and GPAT and GPAO 2.00) or (QM 215 [Min Grade: C] and GPAU 2.00 and GPAO 2.00)

EC 440. Economics for Educators. 3 Hours.
This course is an introduction to micro-econometric empirical methods. Students will learn how to specify and estimate regression equations, various econometric models and the appropriate situations for using them, the implications of estimated parameters, and the conditions under which causal effects are identified. The focus is on application, i.e. conceptualization, interpretation and hands-on data analysis. Prerequisites: EC 210 [Min Grade: C] and QM 214 [Min Grade: C]
