

Educational Leadership

Because admission to these programs is selective, prospective students should contact a departmental advisor to determine specific admission requirements for the degree or certificate in which they are interested. For detailed information regarding admission requirements for the School of Education graduate programs, please visit the Admissions Requirements website at <https://www.uab.edu/education/student-services/admissions>.

The following degrees are offered: Master of Arts in Education (MAE) in Educational Leadership, leading to Alabama Class A Certification in Instructional Leadership; the Educational Specialist Degree (EdS), leading to Alabama Class AA Certification in Instructional Leadership (must have Class A in Instructional Leadership to apply); the Doctorate of Education degree (Ed.D.) in Educational Leadership (must have Ed.S. in Educational or Educational Support area and a leadership background). The programs leading to the Doctorate of Education (Ed.D.) degree in educational leadership are offered at UAB by the joint faculties of UAB and the University of Alabama (Tuscaloosa). Admission is highly selective and is open every other year. In addition to the Graduate School requirements, a portfolio and writing sample are required by the program.

The Educational Leadership program also offers a Post Master's Certification (PMC) program as a reduced-hour option leading to Alabama Class A certification in Instructional Leadership for individuals who already hold a master's degree and Class A certification in an instructional or instructional support area, and who have at least three years' certified classroom teaching experience.

Dispositions

Educational Leadership faculty individually review the professional dispositions (behaviors and attitudes) of students within each course in accordance with the School of Education's policy and procedure.

Additionally, faculty will collectively review student dispositions and overall progress in the program at the end of each semester. Dispositional areas identified as deficient could result in termination from the program.
